- 5.1 All bids will be reviewed first to determine whether a vendor is responsive, responsible, and/or acceptable. Requirements are not assigned a point percentage and/or score but are instead simply recorded as PASS or FAIL. Bids with errors that do not alter the substance of the bid can be accepted, and the Agency Procurement Officer may allow the bidder to correct the problem prior to review as long as the irregularities are insignificant mistakes that can be waived or corrected without prejudice to other bidders.
- 5.2 The agency has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a bidder with the bid for the agency to properly evaluate the bid, the agency has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured.
- 5.3 All bids which are determined to be responsive, responsible, and/or acceptable will continue to the price bid or cost evaluation. The lowest cost bid will receive the maximum 100 points allocated to cost. The point allocations for cost on the other bids will be evaluated according to the following formula: Price of the lowest responsive and responsible bid divided by the price of the responsive and responsible bid being rated times the maximum 100 points allocated for cost equal the awarded points.
- 5.4 The agency intends to award one contract to provide the services described in this IFB to the lowest responsible and responsive bidder.

The agency may make reasonable investigations deemed necessary and proper to determine the ability of the bidder to perform the work, and the bidder shall furnish to the agency all information for this purpose that may be requested. The agency reserves the right to reject any bid if the evidence submitted by, or investigation of, the bidder fails to satisfy the agency that the bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the bidder's qualifications shall include:

1. the ability, capacity, skill, and financial resources to perform the work or provide the service required;
2. the ability of the bidder to perform the work or provide the service promptly or within the time specified, without delay or interference;

These references must be familiar with the bidder's abilities in the areas involved with this solicitation. Agency staff will use these references to determine the bidder's ability to perform the services. It is the responsibility of the bidder to ensure that the reference contact information is correct and current. Agency staff will not track down references. Bidders should verify before submitting their bid that the contact person and phone number are correct for each reference. **Agency staff must be able to reach two**

The bid must contain a high degree of acceptance of contract terms and conditions listed in **Attachment E and F** of this IFB.
- 8.2.10** A bid response that includes terms and conditions that do not conform to the terms and conditions in the bid document is subject to rejection as non-responsive. - 8.2.11** As a precondition to bid acceptance, the agency may request the bidder to withdraw or modify those portions of the bid deemed non-responsive that do not affect quality, quantity, price, or delivery of the service.
- 8.2.12** Any bidder claiming that its response contains information exempt from the Mississippi Public Records Act (Miss. Code Ann. §§ 25-61-1 *et seq.* and 79-23-1), shall segregate and mark the information as confidential and provide the specific statutory authority for the exemption.

15.2 Bidder Investigations

Before submitting a bid, each bidder shall make all investigations and examinations necessary to ascertain all site conditions and requirements affecting the full performance of the contract and to verify any representations made by the agency upon which the bidder will rely. If the bidder receives an award as a result of its bid submission, failure to have made such investigations and examinations will in no way relieve the bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever for additional compensation.

15.3 Expenses Incurred in Preparing Bid

The agency accepts no responsibility for any expense incurred by any bidder in the preparation and presentation of a bid. Such expenses shall be borne exclusively by the bidder.

15.4 Independent Price Determination

Further, submission of a bid form that is not complete and/or signed is subject to rejection as non-responsive. The agency reserves the right to permit the bidder to withdraw nonconforming terms and conditions from its bid response prior to a determination by the agency staff of non-responsiveness based on the submission of nonconforming terms and conditions. 15.6 Withdrawal of Bids

If the price bid is substantially lower than those of other bidders, a mistake may have been made. A bidder may withdraw its bid from consideration if certain conditions are met:

- (1) The bid is submitted in good faith;
- (2) The price bid is substantially lower than those of other bidders because of a mistake;
- (3) The mistake is a clerical error, not an error of judgment; and,

- (4) Objective evidence drawn from original work papers, documents, and other materials used in the preparation of the bid demonstrates clearly that the mistake was an unintentional error in arithmetic or an unintentional omission of a quantity of labor or material.

To withdraw a bid that includes a clerical error after bid opening, the bidder must give notice in writing to the agency of claim of right to withdraw a bid. Within two (2) business days after the bid opening, the bidder requesting withdrawal must provide to the agency all original work papers, documents, and other materials used in the preparation of the bid.

A bidder may also withdraw a bid, prior to the time set for the opening of bids, by simply making a request in writing to the agency. No explanation is required.

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work for the person to whom the contract is awarded, or otherwise benefit from the contract.

No partial withdrawals of a bid are permitted after the time and date set for the bid opening; only complete withdrawals are permitted.

The written request must be received by the Bid Coordinator, within three (3) business days of notification of the contract award. A post-award vendor debriefing is a meeting and not a hearing; therefore, legal representation is not required. A debriefing typically occurs within three (3) business days of receipt of the request. If a bidder prefers to have legal representation present, the bidder must notify the Bid Coordinator in writing and identify its attorney by name, address, and telephone number. The agency will schedule and/or suspend and reschedule the meeting at a time when a Representative of the Office of the Mississippi Attorney General can be present.

For additional information regarding Post-Award Vendor Debriefing, as well as the information that may be provided and excluded, please see Section 7-113 through 7-113.07, Post-Award Vendor Debriefing, of the *PPRB OPSCR Rules and Regulations* as updated and replaced by PPRB.

Exhibit 1: Sample Solicitation Language for Price Adjustments

***This language is not required for use in any solicitation.*

*Where an Agency chooses to include a Price Adjustment clause, only one of the clauses below (or a single Price Adjustment clause crafted by the Agency) should be utilized.***

Price Adjustment Due to Unanticipated Market Disruptions

A price adjustment may be allowed in the event unanticipated market disruptions occur such that the [unit prices] bid by the Contractor in response to [the solicitation] are no longer viable for the provision of services required by [the Agency]. The Contractor shall provide a market analysis regarding the viability of the originally bid rates and rates the Contractor contends would be viable under the current market conditions. The Contractor shall also provide any other support for the request for a price adjustment required by [the Agency]. [The Agency] has the sole discretion to determine whether a price adjustment will be allowed, the amount of the price adjustment, and the duration of the price adjustment. Any price adjustment made under this provision shall be limited to only that which is required to accommodate the precipitating market disruption. Under no circumstances shall a price adjustment result in the adjusted [unit prices] exceeding 110% of the original [unit price]. (For example, an original [unit price] of \$100.00 could be increased up to, but not to exceed, \$110.00 under this clause.) No price adjustment will be allowed other than as described in this paragraph. When preparing [bids, proposals, qualifications] Offerors shall assume no such price adjustment will occur during the life of the contract. Any approval of a price adjustment shall be contained in a duly executed written amendment to this Contract.

Price Adjustment to Account for Inflation

A price adjustment may be allowed which does not exceed the lesser of either 5% or the annual increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the United States Bureau of Labor Statistics. Any such price adjustment will be effective only once per 12-month period, on the anniversary of the contract start date. If the CPI-U is a negative number, no adjustment in price shall be allowed. A negative CPI-U shall be counted against any subsequent increases in the CPI-U when calculating any price adjustment relative to later contract years. The Contractor shall provide any support for the request for a price adjustment required by [the Agency]. [The Agency] has the sole discretion to determine whether a price adjustment will be allowed. No price adjustment will be allowed other than as described in this paragraph. Any approval of a price adjustment shall be contained in a duly executed written amendment to this Contract.

Price Adjustment for Variation of Need in an Indefinite Quantity, Unit Price Contract

This is an indefinite quantity contract. The volume of services specified in the [solicitation] is an estimate based on past history. No guarantee is made with regard to the volume of services the Agency will need under this contract. A volume-based price adjustment will be allowed when there is a fluctuation in the demand for services under this contract which exceeds 10%. Where that fluctuation represents an increase of more than 10% in the need for services, the [unit price] shall be decreased by 5%. Where that fluctuation represents a decrease of more than 10% in the need for services, the [unit price] shall be increased by 5%. In no event shall this price adjustment constitute a guarantee of minimum payment. Payment will only be made for services rendered on an as-needed basis by [the Agency]. No price adjustment will be allowed other than as described in this paragraph.
